

## CADWorx® DraftPro™ off to a successful launch!

**CADWorx DraftPro is an intelligent AutoCAD-based 2D plant layout tool based on CADWorx Plant Professional and is 100% Free .**

### What is CADWorx DraftPro?

With DraftPro, users can create *intelligent* 2D layouts, sections, elevations, and more. It uses the same piping specs as CADWorx Plant Professional, giving users access to over 60,000 specification-driven components. **DraftPro moves the platform dynamic from AutoCAD to CADWorx. DraftPro is 100% CADWorx, 100% free!**

**Over 2600 downloads and currently running at over 200 per day!**

Released on Jan 9<sup>th</sup>, DraftPro downloads are accelerating.

### DraftPro capabilities at a glance:

- **Free**
- Intelligent 2D Piping Design
- Specification Driven
- AutoCAD-based
- Plans, Sections and Elevations
- Bills of Materials
- 60,000 parametrically generated components
- Fully Customizable
- Use with all supported AutoCAD releases
- Multiple Languages
- Upgrade Path to CADWorx Plant Professional
- **DraftPro: 100% CADWorx. 100% free**
